■ Payment Guidelines

Payment Guidelines:

1. For details and announcements on paying tuition, miscellaneous fees, and credit fees, please visit <http://tuition.ga.fju.edu.tw/InchargeStudent/>

Who needs to pay fees charged per credit?

- i. Students who have declared a minor and students who are enrolled in a credit certificate program (with classes opened separately). Codes with D-__9_ and D-K __ require separate fees.
Note: Students taking courses with the following codes must pay extra fees even if their minor has been approved: D-__9_ or C-__9_.
 - ii. Students enrolled in the Teacher Education Program.
 - iii. Students taking language practice courses.
 - iv. Day division students who are delaying degree completion and taking 9 credits or less. Students who are delaying degree completion and taking 10 or more credits should pay full tuition and miscellaneous fees. Credits taken at another university either domestically or abroad count as part of the 10 credits.
 - v. With the exception of Masters/PhD students and in-service Masters students, credit fees need to be paid in accordance with the standard of the department offering that particular course; credit fees for courses taken by Masters/PhD students and in-service Masters students need to be paid in accordance with standard of the classes to which they belong. If the credits are not recognized by their departments/college, the students have to pay the fees in accordance with the department offering that particular course, and the department needs to issue a certificate one week before the announcement of credit fee payments, which needs to be submitted to the Cashier Section.
 - vi. Masters/PhD students and in-service Masters students would during the first week of lessons have to get their department chair to sign off on their manual add/drop form, and head to the Office of Physical Education to add the 1-credit DATP3 course. This result will only be recorded and will not count towards the cumulative grade for the semester. Said students who fail to pay for the full fees shall have to pay for 2 credits of Physical Education class.
2. For the fee payment schedule (language internship fees), miscellaneous fees and so forth, please refer to the announcements “Miscellaneous Fees” section of the website of the Office of General Affairs.
 3. For each credit fee (including language internship fees), miscellaneous fees and so forth, please refer to the announcements at the FJCU homepage and download the form between 29 October 2024 and 12 November 2024 at <https://school.taishinbank.com.tw/>.

■ Pre-Registration Reminders

Prior to selecting courses, please check the relevant course details including course syllabus, credit exclusion list, course regulations, course type, and so forth. Do take note of the university website as well as the websites of individual departments for relevant details on course selection to aid your course registration planning.

1. Check if your desired course has a pre-requisite or sequential restriction.
2. Check if there is a scheduling conflict on your course list.
3. Make sure you are on track to complete all required courses.
4. Before registering in a course offered by another program or division, please consult with them about any restrictions.
5. Make sure to follow all regulations when retaking or making up credit for a course missed in the past.
6. Make sure that you are taking a proper amount of credits (i.e. neither more nor less than stipulated in regulations).
7. Please register for courses based on your schedule and interests. Do not wait to see if a course taught by a specific instructor becomes available – you may miss the registration deadline and be forced to delay graduation.
8. Graduating students should double check that they are on track to meet graduation requirements. They must take any courses or credits they are missing in order to graduate on time.
9. **All students must go to class beginning the first day. This includes both courses you have already registered in and ones that you intend to register in. The instructor has the authority to prevent students from adding or dropping the class as well as the authority to order their withdrawal if they have been absent.**
10. Some courses are not covered by regular tuition – they require additional fees charged per credit (please refer to tuition guidelines for details). If you do not wish to take a course that charges extra fees, please make sure that no such course is on your Course List by the deadline to correct registration errors.
11. Students returning from a semester leave of absence may need to make adjustments to their course selection strategy. It is recommended that these students plan ahead and seek advice from the relevant departments offering their desired courses.

■ Things to Note

1. Course registration is based on a slot-based submission of a wish list of desired courses, rather than first-come, first-served. Students need only log into the course registration system in accordance with their assigned time slot to submit their wish list. Make sure to check your course list after registration during your assigned time slot.
2. If you encounter an error code while registering for your courses, you should drop the course or manually correct the error in accordance with the regulations. If you fail to do so within the deadline for registration correction, the Curriculum Division will erase your course selection details. As such, if you do not rectify a course registration error in accordance with the recommended course of action per the error code, you will not be deemed as registered for a particular class even if you were to attend class.
3. Your department secretary will be able to help you with course registration for certain modules that you are unable to add/drop yourself; please refer to the relevant department for help with course registration for modules you are unable to add/drop as a student user.
4. In accordance with Article 11 of the Regulations Governing Course Selection and Registration, “students can take up to 25 credits per semester (excluding the School of Medicine); students enrolled in a minor, double major, credit courses (including micro courses), the Teacher Education Program, and recent graduates may take up to 32 credits.” Additionally, “students enrolled in a minor, double major, or the Teacher Education Program, recent graduates, or those who have an average grade of 80 or higher in the previous semester, may take up to 36 credits after obtaining permission of their advisor and program director.” Students who have taken more than 36 credits due to special circumstances will be allowed to do so after submitting approval of the Dean of their respective faculty as well as the Dean of Academic Affairs. The number of credits master’s and doctoral students can take each semester is to be determined by each department (or institute); however, if the total number of credits exceeds 25, approval from the department’s (or institute’s) director is required.

Application for credit overload: students must submit their grade transcripts (including ranking), study plan and the Credit Overload Application Form, which must have been reviewed by the student’s academic mentor, department chair, and college dean to the Office of Academic Affairs. The deadline for processing is the same as the deadline for correction of course selection errors (for more information, see the course selection website).

5. Complete your course registration before the online add/drop period. If you are unable to do so, you should, in accordance with the timings announced by the relevant departments, submit a manual add/drop list before the end of the deadline to correct course registration. Late submissions will not be accepted.
6. Following the deadline to correct course registration error, students who do not meet the minimum number of credits by the end of this phase will be ordered on a leave of absence. Students delaying graduation must register in at least one module or they will be expelled. This includes students in the Teacher Education Program.

Day division: minimum 12 credits for freshmen, sophomores and juniors; 9 credits for seniors

SOCE division: minimum 10 credits for freshmen, 9 credits for sophomores to seniors

Note: These restrictions do not apply to students performing a practicum in the Teacher Education

Course information

Program and who have not yet fulfilled the basic requirements for foreign language proficiency or information literacy competency.

7. Students delaying graduation and students resuming studies after a LOA should select courses based on their own needs. To avoid conflict in course registration, these students will not be included for automatic class registration.

8. Confirm courses:

The course list is crucial in securing your course registration, and students should per regulations confirm their course list for the semester online no later than before the end of the course registration correction period. No correction to course registration will be allowed past the deadline, and those who fail to confirm their course list online will be assumed to have error-free course registration, with the latest file recorded by the system as the final course registration result.

※The correction of course registration must, in accordance with the regulations, be completed within the deadline at the Curriculum Division. Your course instructor cannot simply add/drop you from course attendance list and have it recognized as such. Even if you do attend classes, it will not be officially recorded, and for courses you are registered for and did not drop before the end of the deadline, your score will be recorded as 0. Your TronClass subject list or your instructor’s attendance sheet is not official proof of course registration.

9. ※From the 2018-2019 academic year, undergraduates (including those in the two-year in-service nursing program, but not including post-undergraduate departments) are no longer required to take a Chinese proficiency test. Assessment in information literacy is still required. Individual programs determine requirements for English proficiency.

You can check your test results here: University homepage > Students > System Menu> Courses and Academics > Check My Grades. Refer to the HEC website announcement for relevant information on benchmarks and complementary measures.

10. From 2010 onwards, credits earned by taking HEC courses (including Physical Education courses) in excess of requirements cannot be used to satisfy elective requirements for graduation.

“Physical Education” includes both required and elective courses, and “All-Out Defense Education Military Training” offers only elective courses starting from the 2024 academic year. These elective courses are designed to offer credits for military service, remedial purposes, or personal interest, and do not count towards graduation requirements.

Freshman and sophomore Physical Education courses may not be replaced by ATP3 (1 credit) elective courses.

11. Starting from the 2024 academic year, the All-Out Defense Education Military Training course is no longer a common required course. Students who wish to retake this course should add the “All-Out Defense Education Military Training” (year-long course) elective course on their own, which consists of a one-credit course during both the first and second semester. Students in all grades (including graduate program students) who need to offset their military service or are interested in taking this course should select the “All-Out Defense Education Military Training-OOOO” (semester course) as a 2-credit elective course online. Only one course may be selected at a time; those who wish to select a second course should use a physical add/drop application form after obtaining permission from the Military Education and Student

Safety Division, but may not repeat the same course.

12. When applying for graduation, the number of credits obtained from distance learning courses may not exceed one-half of the total number of required credits.
13. Refer to the list of school regulations for relevant clauses.
